

Achilles Tendon with Calcaneus

Description

530200 Achilles Tendon w/Calc ≥ 19.5 cm

Measurements

L: Overall length of the graft.

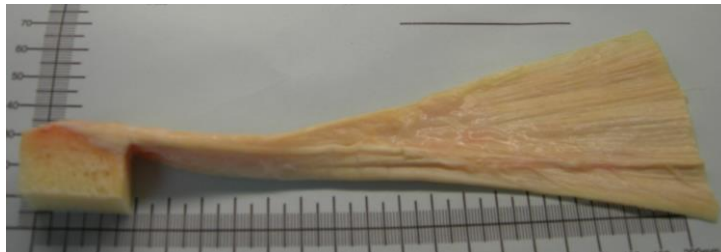

T: Thickness of the calcaneal bone block measured at the minimum point anterior to posterior including the tendon.

W: Width of the tendon neck proximal to the site of attachment.

Y: Minimum measure of the block proximal to distal.

Z: Minimum width of the bone block measured medial to lateral.
